**FROM:** Dave Hillman, Chair

**DATE:** January 6, 2005

Attached please find my report for the year 2004, with data obtained from our monthly foot patrol published schedule, our log book, monthly foot patrol meetings, several informational and service programs, organizational activities and many, many discussions with many of you. Some of the data is perhaps a repeat of some previous reports, but much is also new. As in the past, I would appreciate any comments, questions or feedback.
