## FIVE UNMISSABLE OUTDOOR STROLLS

By Brian Barker

### Sunset at Mount Tabor

From atop this 640-foot tall dormant volcano, Portland's skyline rises like the Emerald City of Oz. Add the high-rises' twinkling lights at dusk and the explosive summer sunsets behind the darkening West Hills, and you'll be reminded of why there really is no place like home. Access the park at SE 69th Ave and Yamhill St; [portlandonline.com/parks](http://portlandonline.com/parks)
